INTRODUCTION

As an independent thinker and creative professional, I've always been driven to make my mark on the world. Born in Brooklyn in 1994, raised in Lagos, and now living in Chicago, I've been on a journey to find my place in this wicked world. And while I've faced my share of pain, I've always stayed humble and true to my beliefs.

I've learned the power of emotional intelligence and the importance of economic trade and education in the

arts. That's why I wrote "Affirmations for Entrepreneurs," a devotional guide and reference book for budding and established creative professionals who seek a new positive belief system to aid concentration in meditation and practice of their craft and trade. With this book, I hope to liberate the idea of the starving artist and empower artists to achieve economic success while staying true to their art.

As The Gentle Spokesperson, I've also made it my mission to spread positivity and inspire others to achieve their goals. I've dedicated my life to becoming a Nigerian and American classic for the next 20-30 years. Affirmations for Entrepreneurs is a timeless piece of literature that will inspire millions of readers to take control of their lives and achieve greatness.

So if you're an entrepreneur, artist, or just someone looking for inspiration, I invite you to join me on this journey of self-discovery and empowerment. Together, we can achieve anything we set our minds to.

THE MANTRA

In all things desired, get started!

I AFFIRM

In pursuit of my goals and dreams, everything between now and a lifetime of experiences is mere noise. I will cherish the moments filled with positive lessons and meaningful experiences, and reflect on them, rather than dwell on constant failures and negativity.

MAKE ROOM

I am “me” first, before my potential. It is everything I do today that creates the potential that is tomorrow.

NO WAY AROUND

There's no way around the work I must do to become successful. Drilling that concept into my being is what will make me great.

PURPOSE-DRIVEN

I choose to be accountable because my
livelihood depends on it.

HONORABLE SELF

Controlling the narrative means to honor the way you represent yourself, your mission, your message, and your purpose in any circumstance of life, love, and liberty.

ACCOUNTABILITY

There's a certain peace in having no one to blame but myself. Recognizing the results of my own actions leads to my growth, development, and self-understanding, or to my denial. I won't live in denial. I'll continue to make things happen for myself and those I love.

URGENCY

Time doesn't wait for your mood or feelings to adjust. While everything happens for a reason, you'd do well to ensure that you are making things happen.

SHOOTING STAR

It won't be what I'm looking for until it is. My time. My effort. My results. I must show up for myself. I must take charge of the results I expect. I must! It's foolish to believe that I can expect from others what I haven't already dedicated time to learning myself. I must know the ins and outs of my vision to complete it.
