

Pre-teen us: ***"What is going to come out of where every month?!!!"***

"Yes! But, only for about 40 years."

"What is going to go in where? Really to make a baby!"

"What??? The baby is going to come out of where???"

So, thousands of diaper changes later, thousands of dirty dishes, thousands of meals prepared and millions of days of cleaning and then the whole structure collapses and we are left trying to figure out what to do about it. No one told us this part. Sooo along comes Edith and Facebook to the rescue! What did our mothers, grandmothers, great-grandmothers do? No FB.
